SUPPLEMENTARY INFORMATION:

Background

On November 7, 2017, the Department published a notice of initiation and preliminary results of a changed circumstances review of the antidumping duty order on diamond sawblades from the PRC.¹ Effective August 16, 2016, Chengdu Huifeng Diamond Tools Co., Ltd. (1) changed its legal status from a limited liability company to a joint-stock limited company and (2) changed its name to Chengdu Huifeng New Material Technology Co., Ltd.² On September 20, 2017, Chengdu Huifeng New Material Technology Co., Ltd. requested that the Department initiate an expedited changed circumstances review and determine that Chengdu Huifeng New Material Technology Co., Ltd. is the successor-in-interest to Chengdu Huifeng Diamond Tools Co., Ltd.

On November 7, 2017, we initiated a changed circumstances review and preliminarily determined that Chengdu Huifeng New Material Technology Co., Ltd. is the successor-in-interest to Chengdu Huifeng Diamond Tools Co., Ltd. for purposes of determining antidumping duty liability.³ In the *Initiation and Preliminary Results*, we provided all interested parties with an opportunity to comment and request a public hearing regarding our preliminary results. We received no comments or requests for a public hearing.

Scope of the Order

The products covered by the order are all finished circular sawblades, whether slotted or not, with a working part that is comprised of a diamond segment or segments, and parts thereof,

regardless of specification or size, except as specifically excluded below. Within the scope of the order are semifinished diamond sawblades, including diamond sawblade cores and diamond sawblade segments. Diamond sawblade cores are circular steel plates, whether or not attached to non-steel plates, with slots. Diamond sawblade cores are manufactured principally, but not exclusively, from alloy steel. A diamond sawblade segment consists of a mixture of diamonds (whether natural or synthetic, and regardless of the quantity of diamonds) and metal powders (including, but not limited to, iron, cobalt, nickel, tungsten carbide) that are formed together into a solid shape (from generally, but not limited to, a heating and pressing process).

Sawblades with diamonds directly attached to the core with a resin or electroplated bond, which thereby do not contain a diamond segment, are not included within the scope of the order. Diamond sawblades and/or sawblade cores with a thickness of less than 0.025 inches, or with a thickness greater than 1.1 inches, are excluded from the scope of the order. Circular steel plates that have a cutting edge of non-diamond material, such as external teeth that protrude from the outer diameter of the plate, whether or not finished, are excluded from the scope of the order. Diamond sawblade cores with a Rockwell C hardness of less than 25 are excluded from the scope of the order. Diamond sawblades and/or diamond segment(s) with diamonds that predominantly have a mesh size number greater than 240 (such as 250 or 260) are excluded from the scope of the order. Merchandise subject to the order is typically imported under heading 8202.39.00.00 of the Harmonized Tariff Schedule of the United States (HTSUS). When packaged together as a set for retail sale with an item that is separately classified under headings 8202 to 8205 of the HTSUS, diamond sawblades or parts thereof may be imported under heading 8206.00.00.00 of the HTSUS. On October 11, 2011, the Department included the 6804.21.00.00 HTSUS classification number to the customs case reference file, pursuant to a request by U.S.

Customs and Border Protection (CBP).⁴ The tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results*, we continue to find that Chengdu Huifeng New Material Technology Co., Ltd. is the successor-in-interest to Chengdu Huifeng Diamond Tools Co., Ltd. for purposes of determining antidumping duty liability under the antidumping duty order on diamond sawblades from the PRC.⁵ As a result of this determination, we find that Chengdu Huifeng New Material Technology Co., Ltd. is entitled to the cash deposit rate previously assigned to Chengdu Huifeng Diamond Tools Co., Ltd. in the most recently completed administrative review of the antidumping duty order on diamond sawblades from the PRC.⁶ Consequently, the Department will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise exported by Chengdu Huifeng New Material Technology Co., Ltd., and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the *Federal Register* at 6.19 percent, which is the current antidumping duty cash deposit rate for Chengdu Huifeng Diamond Tools Co., Ltd.⁷ This cash deposit requirement shall remain in effect until further notice.
